

## EDUCATION

### **Master's Degree in Sociology and Social Research**

2021 - 2023

University of Trento (IT)

Curriculum: Social Inequalities and Social Change

Thesis: Beyond traditional gender roles: exploring the division of paid and unpaid labour within Italian same-sex couples

### **Bachelor's Degree in Sociology**

2018 - 2021

University of Trento (IT)

Curriculum: Sociology and Social Sciences

Thesis: The downsides of green urban renewal projects: green gentrification and the case of Isola in Milan

## RESEARCH INTERESTS

My main research interest is LGBTQ+ couples and their transition to parenthood. More broadly, I am interested in sexual and gender minorities, and in sexual diversity with particular attention to these topics in quantitative analysis. For my Master's thesis I am currently working on how the division of labour is perpetuated within same-sex couples and its relevance for gender studies and for women's labour market outcomes.

## RESEARCH AND WORK EXPERIENCE

### **INTERNSHIP**

March 2023 – June 2023

Research Project ALFA - Aligning Law with Family Arrangements: Non-traditional Families' Contribution to Fertility and Parenting in Italy, in collaboration with Università di Trento (Fondazione Cariplo).

Duties: identification of suitable datasets; secondary data analysis; development of survey to understand parenting intentions of LGBTQ+ persons.

### **METHODOLOGICAL SKILLS / RESEARCH EXPERIENCE**

Methodological and technical knowledge acquired through courses and seminars during my Bachelor's and Master's degree:

- linear and logistic regression; multilevel regression and a very preliminary knowledge of longitudinal data analysis;
- social network analysis;
- qualitative analysis, with experience in interview conduction and thematic analysis

Some of the topics I worked on: sexual minorities and earnings inequalities, division of labour within same-sex couples, gender differences in mathematical achievement, climate change and fertility, confidence towards the EU, ecological gentrification.

The same experiences enabled me to acquire and improve different skills:

- teamwork and independence
- academic writing skills
- communication and presentation of the research carried out
